

INVITATION

BRAZIL–KOREA ROUNDTABLE ON GREEN FINANCE, INNOVATION AND SUSTAINABLE INDUSTRIAL DEVELOPMENT

Seoul, July 6, 2026 | 14:00–16:00

The Green Climate Fund Office

The K-Twin Tower, A Building, 10th Floor, 50 Jongro 1-gil, Jongno-gu, Seoul

케이 트윈 타워 서울특별시 종로구 종로1길 50

The Eco Invest Brasil Program of the Ministry of Finance of Brazil and the Embassy of Brazil in Seoul are pleased to invite you to a Brazil-Korea Roundtable on Green Finance, Innovation and Sustainable Industrial Development, to be held at the Green Climate Fund Office on July 6, 2026.

The session will be chaired by Mr. Mario Gouvêa, Director of the Eco Invest Brasil Program, Ministry of Finance of Brazil.

The event will feature a presentation of Eco Invest Brasil, the blended finance platform of the Brazilian government aimed at mobilizing international private capital for strategic investments supporting Brazil's ecological transformation and sustainable development.

The 5th Eco Invest auction focuses on the following priority areas:

1. Green fertilizers, bioinputs and alternative proteins
2. Advanced green fuels, biogas and biomethane
3. Automation and AI for manufacturing and high-tech processes
4. Battery systems and critical minerals processing
5. Green chemicals and biomaterials
6. Circularity of mineral and industrial residues

The roundtable will bring together financial institutions, corporations, universities, investors, startups, and public-sector organizations from Korea, to discuss opportunities for collaboration on sustainable finance and innovation-driven investment. Participants will be invited to learn about the program and how their institutions may benefit from it, as well as, to share their experiences in business, investment and research collaboration between Brazil and Korea.

The event will be held in English. To register, please e-mail Mr. Caique Souza at caique.souza@vallya.com with your name and institution.

Cordially,

Embassy of Brazil in Korea

Eco Invest Brasil – Ministry of Finance of Brazil
